## 2. SUPPLEMENTARY PAYMENT CONDITIONS FOR STANDARD SERVICES

- 2.1 The prices for standard services are stated in this Pricelist. The Pricelist is published on the SK-NIC website (address: <https://sk-nic.sk/en/registrars>).
- 2.2 The VAT applicable according to the relevant tax legislation of the Slovak Republic shall be added to the price.
- 2.3 In order to process payment, a credit system shall be used whereby the Registrar pays an advance by means of its balance account (for the purposes of this Pricelist referred to as “credit”) from which the individual prices for services or fees are deducted. The sum of the possible credit overdraft is calculated according to the Special Payment Conditions for the Registrars.
- 2.4 The service or fee is deducted from the credit immediately upon the completion of the particular action or its generation, i.e. the credit shall be reduced by the respective sum.
- 2.5 The Registrar shall have the right to add credit to its account at any time. To add the credit it is possible to use cashless payments permitted by the SK-NIC.

- 2.6 The fee payments accepted by means of the crediting to the Registrar's balance account according to the section 2.5 of the Pricelist shall subsequently be charged by a tax invoice. If the Registrar has not paid the price of services or the amount of the fees charged by the relevant tax invoice, SK-NIC shall inform the Registrar about the pending sum due.
- 2.7 The tax invoice for the Registrar shall be issued according to the determined period; such determined period is to be invoiced in arrears. The determined period shall function as the invoice period. The invoice payment terms are usually 14 days from the date SK-NIC issue the invoice.
- 2.8 Upon the payment to SK-NIC the Registrar is obliged to state the reference (payment identification) which is marked on the invoice, as this is required to correctly allocate the payment against the invoice.
- 2.9 All bank and other fees incurred when adding to credit to the account are borne by the Registrar. For the payment of the services, fees, or the invoiced sum, only the actual sum of the credit shall be used.
- 2.10 If the Registrar has not paid the price of services and fees invoiced according to the section 2.6 of the Pricelist within its maturity period, SK-NIC shall have the right to notify the Registrar in writing of its obligation to pay the sum owed and determine a period sufficient for the payment of the outstanding sum. The fee for the written notification, as well as all costs relating to the recovery of the outstanding sum shall be borne by the Registrar, if the reason for failing to pay is on the Registrar's side.
- 2.11 If the Registrar fails to fully pay the invoice according to the payment terms, SK-NIC shall be entitled to charge interest on late payment under the Special Payment Conditions for the Registrars. At the same time, SK-NIC shall in such case under section 9.9 of the Rules be entitled to restrict the services provided to the Registrar.
- 2.12 The Registrar may file a complaint contesting the amount invoiced, but must do so within 15 calendar days from the receipt of the invoice. The submission of the complaint has no postponing effect upon the payment. The result of the review shall be communicated to the Registrar by SK-NIC within 15 calendar days from the receipt of the complaint.
- 2.13 SK-NIC shall be entitled to use any unused credit to cover the liabilities owed by the Registrar.
- 2.14 If the amount of the unused credit following the termination of the Registration Contract is higher than the stipulated minimum advance, the unused part of the credit in the amount higher than the minimum advance shall be returned to the Registrar within 30 calendar days.
- 2.15 For the purpose of accepting payments, SK-NIC's account is to be found on SK-NIC's website.
- 2.16 If the Registrar operation is carried out by SK-NIC, any relevant service or activity is provided only after the payment is received on the account designated according to point 2.15.
